

The COTTAGES

AT MEADOWKIRK

The Cottages at Meadowkirk offer a wonderful space providing the peace and opportunity for community that is so beneficial to productive group activities and meetings. Each handicapped-accessible cottage welcomes you from a covered front porch into a group meeting area. This centrally located space is large enough to seat approximately 35 people theatre-style. The meeting room has high ceilings, a wood-burning fireplace, and a large white board. A flip chart and AV equipment can be provided. The meeting room also has a small sink, under counter refrigerator, microwave, and hot beverage area with coffee, tea, and hot chocolate.

Each cottage sleeps 18 people in 2 separate “dorm” areas (one located on either side of the cottage). Each area has 9 bunk-style beds (known as the “Sutter Bunks”) and a multi-person bathroom with 2 showers, 2 commode stalls, and 3 sinks.

The small front porch on larger deck on the back of the cottages allow groups additional places for fellowship.
